

WHITEFISH LAKE GOLF CLUB

PRIVATE GOLF CART POLICY

Operators of all private golf carts are required to have a valid driver's license. This includes usage anywhere on property including golf courses, cart paths, and practice areas.

The Whitefish Lake Golf Club allows golf carts that are specifically designed for golf course use. Golf specific cycles (ex. Finn Scooters) are also allowed on the course. Other modes of transportation are prohibited.

If your golf cart or scooter is deemed to have “aggressive tire treads,” the user will be asked to rent a cart or have the tires replaced with proper turf tires.

Cart and cycle users are required to follow the same rules in respecting the course.

All outside cart and cycle users must pay a trail fee.

Your cooperation is appreciated as this policy will be strictly enforced.
